All of our puppies are extensively temperament tested. Each puppy is matched by the breeder with each individual family. Please write a short summation about your family's needs in a dog; please be as specific as possible so that we can find the right puppy for you. A good example would be a person who needs a tolerant dog for high energy children, or a dog that can fit in with other pets, or an energetic dog for agility.

---

Are there any questions or concerns that you have about the breed or about our kennel?

If there is any info that you want us to have that is not included in this application, please feel free to enclose it. Please send us pictures of your family, home and yard. We request these pictures if we are considering you as a family for one of our puppies. Thank you for application!
